

"DICKENS' WIT AND WISDOM"

BY MRS. HOGUE STINCHCOMB

THE ROAD TO SUCCESS

"The world is before you; and it is most probable that as you enter it you will receive you. Trust in nothing but providence and your own efforts. Never separate the two. If you have the abilities of all the great men, past and present, you could do nothing well without sincerely meaning it, and setting about it. If you entertain the supposition that any great success, in great things, or small, ever was, or could be, ever will or can be, wrested from fortune by fits and starts, leave that wrong idea here."—Bleak House.

Pages of advice to a young man or woman entering upon a business career could say but little more than is contained in these words of that wonderful student of life—Charles Dickens.

"As you enter the world so it will receive you. If you cringe to it, it will make you cringe still more. If you are afraid, it will build boys to frighten you."

Be self-assured—but not too self-assured, lest you fall from over-confidence.

Be just and kind in your relations with others and you will meet with justice and kindness.

"Trust in nothing but providence and your own efforts."

There is the point to emphasize. Your own efforts and faith will win. There is no royal road to success.

You cannot mount by the efforts of others to higher places.

"You could do nothing well without sincerely meaning it and setting about it."

Mark well the words "and setting about it." Good intentions count for nothing so long as they remain intentions. It is when good intentions are coined into acts that they become worth while.

The last words that urge fixity of purpose and steadfastness of aim and action round out advice that all the simplification going to make up a volume on "Success in the Business World" could not better.

Have faith in yourself, have faith in God, be sincere, work, and the last chapter will write:

"Success."

Irish Nationalists Dance.

The harp that once through Tara's halls the soul of music shrouded, was revived last night by the Irish Nationalists, who held their annual St. Patrick's day dance at the old opera house. The hall was fittingly decorated with streamers, green alternating with white, and the dancers might have imagined they were in the old country, so completely Irish were the melodies of the dance. As was delightful hosts, the Irish Nationalists, and the last night of the dance was pronounced a distinct success.

St. Patrick's Day This Morning. Today is St. Patrick's day in the

The hanging wall is not exposed, and the total width of the ore is therefore unknown.

CANANEA NEWS NOTES

(Joseph I. Cohn)
CANANEA, Sonora, Mexico, March 15.—Arturo Carrillo, who was arrested on Wednesday noon upon his arrival in the city from Nogales, charged with purchasing arms and ammunition for Vasquistas at Tucson, was given his freedom under bond Thursday afternoon. Carrillo claims that he is entirely innocent and can easily prove that he had nothing to do with the matter.

On Friday morning Carrillo was called to court and after a short session he was released, the bonds being returned to the bondsmen. It has transpired that the arrest was caused by a report which has been in circulation here, and which cannot be verified, that Carrillo has been associated with the Vasquistas in Nogales and has been acting as their business agent. If this were true he would have been rather foolishly to have come to Cananea.

Small Gang.
On Tuesday of this week reports were received by the officials here to the effect that there was a small band of bandits in the hills a few miles southeast of the city. As a result fifty men were sent out to scour the hills for them. Until this date, however, no news has been heard from the soldiers and it is believed that they have not yet caught sight of the band.

Emulates Brother.
A small band of bandits has been organized at Arizpe and gone south down the Sonora river valley. It is led by a fellow named Escobedo, who is said to be a brother of Isidro Escobedo, who last year was an active bandit throughout the Sonora river valley until he was chased over the line and not heard of since in Sonora. The number was five when the band was organized, all reported to be men well known in police circles. After leaving Arizpe, where they attempted nothing, they went to Saguipé and Banamichi, where they recruited about three of four in each place, also taking the worst characters in the places. Since that time they have been raiding small towns and ranches in the valley and have terrified the people in the vicinity. As a result orders have been issued at Hermosillo for the maintenance of aarrison of 25 men at every town in the valley and this was started this week. Rurales have also been sent after the bandits, who were seen below Acemchi early in the week.

Many Volunteers.
Quite a number of men in Cananea have volunteered to assist the government in case any conditions arise in this locality which would demand their assistance, which, however, is considered doubtful. The men have been supplied with arms and ammunition to some extent and are anxious to be of assistance to the government. More are volunteering daily. At present there are about 200 on the roll. A number have been detailed to the police and rural service and have been assisting the police service and acting as guards and conducting prisoners to and from Hermosillo and Nogales.

To Hermosillo.
Antonio Herrera, former Maderista officer and at one time chief at Agua Prieta, later accused of participating in an anti-government demonstration, was brought here early in the week from Agua Prieta. He was given his hearing and on Thursday was taken to Hermosillo under guard. Several of his companions were also sent to Hermosillo.

Gov. Maytorena has taken up his duties as governor of Sonora, according to the desire of the congress which recently passed resolutions to this effect. The governor has been on leave of absence for some time and the chamber of deputies deemed it advisable that he take up his work again on account of conditions existing in the capital.

COMMERCIAL CLUB'S PRESIDENT BOOSTS WHEREVER HE GOES

McVay Returns from Trip Through County and to Old Pueblo

IS FOR BETTER ROADS

President H. B. McVay, of the Warren District Commercial club, returned yesterday from a business trip through Cochise county and to Tucson. He ran into a convention of cattlemen at Wilcox, which he attended, and was invited to address. The president of the commercial club did not overlook any opportunity to spread the gospel of good roads, and he found the farmers, cattlemen and business men all over the country as a unit in looking for better roads, and especially the Borderland route.

While going through the county, Mr. McVay ran up against the county division movement. This was a theme of earnest discussion at the Wilcox meeting of cattlemen, who appear to be strongly in favor of it. They have gone so far as to divide Dear Old Cochise on paper, and under their plan they have generously given a court house to Wilcox, Douglas and Bisbee. When the county divisionists come to figure on the per capita taxes of the three new counties or rather two of them it is

A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol lowers the germicidal power of the body and that alcohol paralyzes the white corpuscles of the blood and renders them unable to take up and destroy disease germs. Disease germs cause the death of over one-half of the human race.

A blood medicine, made entirely without alcohol, which is a pure glyceric extract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and Stone root, has been extensively sold by druggists for the past forty years as Dr. Pierce's Golden Medical Discovery. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an ALTERNATIVE EXTRACT of roots, without a particle of alcohol or narcotic.

"It is with the greatest of pleasure, that I write to let you know of the great benefit I received from the use of your medicines and self-treatment at home," writes Mrs. Wm. H. H. of Lady Smith, B. C. "I suffered for three years from a running sore. Consulted four doctors but they failed to mend or give relief. Finally I was told I was in consumption and would have to consult a specialist concerning my ear, that the dead bone must be cut out before the wound would heal. A kind friend advised me to write to Dr. Pierce, which I did, and after seven months use of the treatment the sore is healed, and I enjoy better health than I ever did. I dressed the wound with Dr. Pierce's All-Healing Salve and took the 'Golden Medical Discovery' and 'Pleasant Pellets' for my troubles. I shall always recommend your medicines."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Mr. McVay was entertained by the Tucson chamber of commerce and assured that after the Elko convention is over there will be a large party of auto-tourists to come to Bisbee on a boosting trip.
